1 Introduction

This is the introduction.

2 Methods

2.1 stage I

Item #1A\642 costs \$8 & is sold at a ~10% profit

Let's have a look at some equation!!

Equation.
$e = mc^2$
$\pi = \frac{c}{d}$
$\frac{d}{dx}e^x = e^x$
$\frac{d}{dx}\int_a^b f(s)ds = f(x)$

2.2 stage 2

hello

3 Results

Bye refer to 1

Items	Quantity	P rice(\$)
Nails	500	0.34
Wooden boards	100	4.00
Bricks	240	11.50
